CAREER OBJECTIVES

I am a Computer Science graduate with a year and a half of experience working at a software development company. I am actively seeking employment in a role that is varied, challenging, and embraces creative thinking and innovation. I am enthusiastic about expanding my skillset, especially alongside peers and senior members in a collaborative work environment. My aim is to work with a company that is able to provide me with leadership & professional development opportunities.

EMPLOYMENT HISTORY

Jan 2017 - Present **Software Engineer at SMS International**

I am currently working as a software engineer; developing a live, web-based, fully customisable dashboard application. This application is now used in electronics manufacturing for monitoring productivity and efficiency within factories. The software has been developed solely by me, using data sourced through another SMS application. The resulting product has recently been deployed to the biggest Contract Electronics manufacturer in the world, Foxconn, in several of their production lines located in China.

Key Responsibilities

- Full Stack development of a live data dashboard
- Maintaining and upgrading and data graphing web application
- Collaborating with other software engineers in the team

Sept 2012 - Jan 2017

Cinema Attendant at Hoyts Riccarton

I worked as a Cinema Attendant while studying at university. My role involved customer service and working in a team environment to achieve outputs.

Key Responsibilities

- Using POS software
- Working in a team
- Resolving customer issues
- Cash and stock handling
- Food and ticket sales

QUALIFICATIONS AND EDUCATION

2013 - 2015 University of Canterbury
Bachelor of Science majoring in Computer Science

2008 - 2012 Burnside High School, Christchurch
NCEA Level 3

RELEVANT SKILLS AND STRENGTHS

Key Strengths

- Experience in JavaScript, PHP, HTML, CSS, Python, JSON, XML, JQuery
- Proficient in Adobe Creative Cloud
- Willing and enthusiastic to learn new skills and programming languages

Communication and Teamwork Skills

- Clear and concise written and verbal communication
- Ability to convey ideas and opinions in a constructive manner
- Experience working in a close-knit team environment at SMS, to coordinate and develop a new product that is flexible and versatile
- High energy team player, demonstrated through participating in team sports such as Ultimate Frisbee
- Carry out team-oriented responsibilities to a high standard
- Exceptional organisational skills with ability to multitask to meet project timelines
